MANSW ANNUAL CONFERENCE 2004

Opening comments, Holly Gyton.....	1
------------------------------------	---

REFLECTIONS ON MOTIVATING STUDENTS

Engaging and motivating students in mathematics, Paul Swan	2
Feelin' hot hot hot!!! Tracey Hughes-Butters	5
Are we building student resilience in the mathematics classroom? Janet Hunter	8
Focusing on learning in the classroom, Mark O'Brien.....	11

REFLECTIONS ON PROBLEM SOLVING

Sweet problem solving, Beth Southwell.....	13
Problem solving, patterns and probability: Opportunities for working mathematically, Judy Anderson	16
Working mathematically in measurement, Heather McMaster and Michael Mitchelmore	20
Mistakes, misunderstandings and miscalculations in the Australian Schools Mathematics Assessment, Nick Connolly.....	24
Problem solving and instructional design, Shantha Bose	26

REFLECTIONS ON NUMBER

Fraction strips for real understanding of fractions, Brian Lannen	29
Connections, conjectures and problem solving in primary mathematics: the role of magic squares, Mohan Chinnappan	33
Number systems internet assignment, John Ley	34

REFLECTIONS ON LEARNING AND TEACHING IN YEARS 7–10

A smorgasbord of learning/teaching ideas, Cyril Quinlan	37
Spreadsheets in Stage 4, John Ley	41
Programming for the Stage 5 mathematics continuum, Robert Yen	43
Relating Stage 5 mathematics to Stage 6 courses, Jack Mock.....	47

REFLECTIONS ON SENIOR MATHEMATICS

Addressing student difficulties in the HSC Mathematics course, James Taylor	52
---	----

REFLECTIONS ON MATHEMATICS AND POETRY

A flask of wine, a book of verse – and thou, Beth Southwell	56
---	----

REFLECTIONS ON ABILITY GROUPING IN MATHEMATICS

Ability grouping: The case 'for', Steve Thornton.....	60
Ability grouping: The case 'against', Chris Coombes.....	61
Ability grouping: A response, Bob Dengate	62
Ability grouping: A response, Bob Aus.....	63

MANSW CONFERENCE 2004
