Total hours at Double Time rate	7.00					
Total pay	\$992.25					

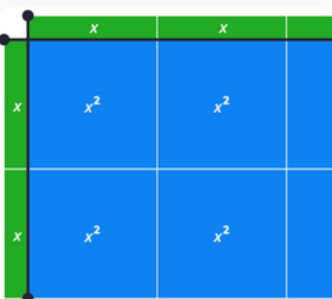

Spreadsheets 101

This course demonstrate the use of Microsoft Excel and Google Sheets to support the delivery of mathematics content from stages 4-6.

Exploring Networks

This course has been designed as an introduction to networks for teachers, focussing on the Stage 5 path topic.

Area Model courses

The course empowers participants to use area models as both concrete & pictorial representations to develop concepts of multiplication, division & factorisation, with a focus on Stage 4 or 5 mathematics content.

Statistics 101

This course is designed to support teachers' understanding of statistics in the NSW syllabuses.
