

## Exploring Networks (Online, self-paced course)

### Who should do this course?

This course is designed for teachers of Stage 5 mathematics who are unfamiliar with network concepts and new to teaching this content.

### What will happen on the course?

Participants will:

- Learn about network concepts from the stage 5 path focus area Introduction to Networks
- Reflect on effective approaches to developing network concepts with students with a focus on purpose.
- Explore online interactives that can be used to develop concepts with students

### Why should I take this course?

Take this course to develop a deep understanding of network concepts and engage with problems that give the topic purpose. Leave this course with a package of paper and online resources to use with your class to support teaching of the stage 5 path focus area Introduction to Networks.

Dates of Course	Time	Location	Registration Closing Date
Monday 3 February – Friday 12 December	Course takes approximately 4-5 hours	Online via the Open Learning Platform	7 December 2025
<b>Registration Fee:</b>	<b>\$120</b> for Members	<b>\$180</b> for Non-members	

Register online via the Professional Learning tab on the MANSW website ([www.mansw.nsw.edu.au](http://www.mansw.nsw.edu.au)).

Any questions regarding registration, please email [events@mansw.nsw.edu.au](mailto:events@mansw.nsw.edu.au)
