Planning for the Differentiated Classroom: Number and Algebra
St Therese Catholic Parish Primary School

This one day course is designed for teachers of K-6 Mathematics.

This workshop will explore the key elements of differentiation and how they can be applied to teaching, learning and assessment strategies within Number and Algebra. Participants will have the opportunity for discussion and to collaborate with their peers, engage in activities and explore strategies that they will be able to take back to their classrooms to use with their students.

In this K-6 hands-on workshop teachers will:

- broaden their repertoire of teaching strategies so that they can differentiate the curriculum for the students within their class;
- develop engaging activities within Number and Algebra that deepen student understanding of key concepts in mathematics;
- recognise and design assessment for learning activities that reveal areas of individual strengths and weaknesses;
- plan lesson sequences that address individual learning needs and engage students of varying abilities in their class.

Participants in this course will work with MANSW’s K-8 Professional Learning Consultant who will facilitate discussion, link research to practical classroom activities and engage participants in activities that can be used in the classroom.

To register for this course visit the MANSW website at www.mansw.nsw.edu.au and use the Teacher Events link to access the course through Primary Professional Learning.

Time: 8:30 am for 9:00 am to 3:00 pm
Venue: St Therese Catholic Parish Primary School
1 Princes Highway
West Wollongong NSW 2500
Cost: $100 (incl GST) for MANSW members
(morning tea and lunch included)
$130 (incl GST) for non-members
(morning tea and lunch included)
Closing Date: Saturday 4 March 2017

Completing Planning for the Differentiated Classroom: Number and Algebra will contribute 5 hours of QTC Registered PD addressing 1.5.2, 2.1.2, 2.3.2, 3.2.2, 6.2.2, 6.4.2 from the Australian Professional Standards for Teachers towards maintaining Proficient Teacher Accreditation in NSW.
